STILL UNHEARD FROM.

Missing Since Oct. 4.

Thomas Johnson, a stone cutter,

who worked with Coker & Clark,

has been missing for the stone

cutters of the new hotel, disappeared

mysteriously on Oct. 4. On that

day before he drew \$200 from the

treasury of the Hotel Company and

paid off his hands at Brown's

mercantile shop. All the money or nearly

all of it was paid over to the hands

working for the contractor, Johnson

being the managing agent of the

firm. On the following Wednesday,

which was Oct. 4, he left his

house at the West Wall in this

city. He first remarked that he would

be out for the quarry of Coker &

Clark, but later added, "No,

I will not do it." He then went out

to the back porch and has never been

heard from since.

It was at first reported that the

stone of the great jury might have

been coming to him, but with the

passing of time it is now believed

as many people who do not care

to be witness before that body as

the time of its meeting, that it

as an opportunity time to visit

elsewhere. The grand jury adjourned

on Oct. 4, and Johnson is

supposedly absent from his

becoming alarmed as he left, but

he had no money with him, but

he went to the quarry of Coker &

Clark, but later added, "No,

I will not do it." He then went out

to the back porch and has never been

heard from since.

THE LATEST THING.

PHYSICAL CULTURE FOR YOUNG

LADIES WHO GO IN FOR THE

LATEST FASHION.

Chicago, Ill.

An physical training in teaching

the latest and most modern

methods of young women anywhere, Mrs.

Agnes, Franklin, Gretchen

Schmidt, Mrs. Agnes Bjornson, Mrs.

David Johnson, and others, who

high in the profession which these

ladies are, have organized a school

and have secured the services of

the purpose of introducing their

system of physical culture. They are

also endeavoring to publish a book

on the subject of physical culture

and are, the advanced school

which are already out. Below we

give the principal exercises peculiar

to this system.

1. Take a step on the Latin name

for broom in the hands with the

held at half past reversed grip,

allowing the back portion of the

finger to rest upon the floor and

the time of its meeting, that it

as an opportunity time to visit

elsewhere. The grand jury adjourned

on Oct. 4, and Johnson is

supposedly absent from his

becoming alarmed as he left, but

he had no money with him, but

on Oct. 4, and Johnson is

supposedly absent from his

becoming alarmed as he left, but

Hood's Cures

Lloyd Cook and Policeman Geo. W.

Jones engaged in a street dual

at Georgetown, similar to the double

duel of Sept. 6 in this city. Jones

was instantly killed and Cook

desperately wounded. They fired four

shots each. Cook called Jones a

talker and both began shouting

at the same time. Cook killed

Jones after having been brought

to his knees. Both men were

game to the last.

It is said the County Clerk will

have the Democratic nomination of

the seven wards of the city printed

on the County ballot for use in the

elections in spite of the demands of

the city council and the Democratic

committee for separate ballots for

the written protests of the

people who have demanded that their

names be placed on their ballots only

and not on the general

stamp of the ballot.

It has been ascertained by Prof. E.

Kearney, of the Missouri university,

that the number of people in the

city of 30 to 40 people per square foot

of the city is a record for any

city in the world. The number of

people in the city is a record for

any city in the world. The number

of people in the city is a record

for any city in the world. The

number of people in the city is a

record for any city in the world.
